LITTLE ADDIE

Died, on the 14th inst., at 3:20 P.M. of Congestion of the Brain, ADDIE AUGUSTA, oldest daughter of T.G. Stacy, aged 3 years and 8 months.

Again, dear reader, has our little home circle been broken. Another has been taken-our little Addie. Scarce 6 weeks since her mother passed away. The separation was short. They are both safe now in the bright land just "over there."

A short while before our little one passed away she looked upward and thrice smiled, O so beautifully. Say, can it be that she saw her mother waiting to receive her? And is it true that "we shall know each other there?" Our cup of sorrow is, indeed, full.
